

B2B Cabinet Hardware Sourcing

CabFitCo Hardware

Cabinet hinges, drawer slides, lift systems, drawer systems, and furniture fittings for distributors, cabinet makers, and project buyers.

GCC-focused supply

OEM / private label

Drawing and BOM review

Export-ready packing

Product Focus

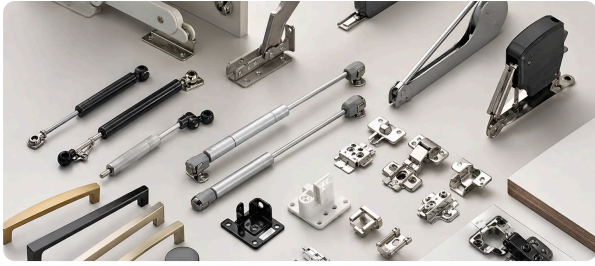

Concealed Hinges

Soft-close, clip-on, 3D adjustment, 35mm cup applications for kitchen cabinets, wardrobes, and vanities.

Drawer Slides & Drawer Systems

Undermount slides, ball bearing slides, soft-close options, metal drawer boxes, slim drawer systems, and tandem-style combinations.

Lift Systems

Flap stays, gas supports, and lift-up mechanisms for wall cabinets and furniture doors.

Furniture Fittings

Brackets, connectors, handles, accessories, carton labeling, and mixed-category consolidation.

Specification Dimensions

Category	Typical RFQ Details	Application	OEM / MOQ Notes
Concealed Hinges	Opening angle, overlay, cup diameter, soft-close, clip-on, adjustment	Kitchen, wardrobe, vanity doors	Trial order and private label by model
Drawer Slides	Length, load rating, extension type, soft-close, mounting type	Kitchen drawers, storage, office furniture	Distributor carton and neutral packing available
Drawer Systems	Side height, finish, rail system, box size, accessories	Premium kitchen, wardrobe, vanity drawers	Project BOM matching and sample confirmation
Lift Systems	Door size, door weight, lift type, force, installation space	Wall cabinets, flap doors, display cabinets	Specification matching by project

OEM and Project Support

Private Label Packaging

Carton label, neutral packing, barcode and project mark support where available.

Drawing-Based RFQ

Send drawings, BOM files, sample photos, or target models for specification matching.

Sample Confirmation

Confirm finish, size, function, packing and project suitability before bulk order.

Export Consolidation

Combine hinges, slides, drawer systems, handles, and fittings into cleaner shipments.

How to Send an RFQ

Required	Helpful
Product category, quantity, country/region, target price or MOQ expectation	Drawings, BOM, sample photos, finish, size, packing needs, destination port, timeline
